

# Instant Collaboration for Remote Teams

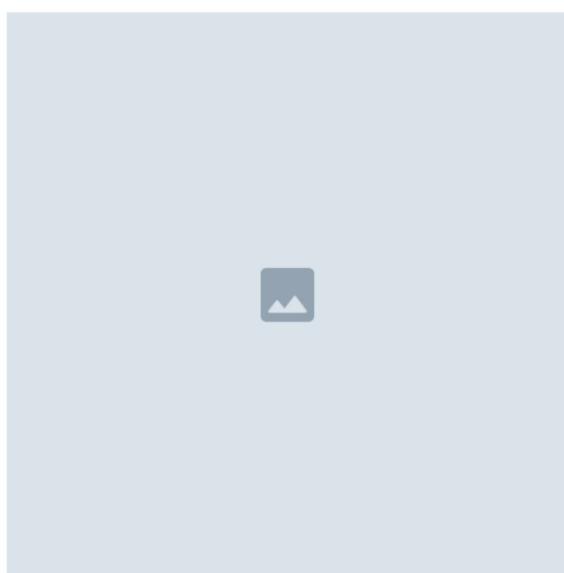

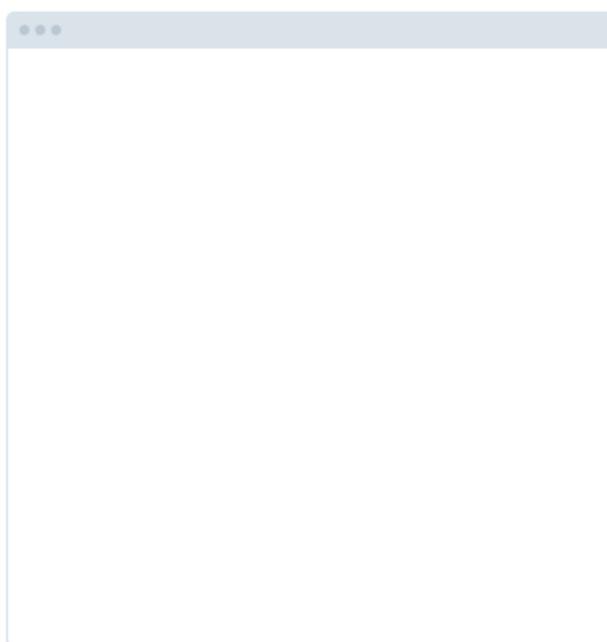

All-in-one place for your remote team to chat, collaborate and track project progress.

[Get Early Access](#)

## Your hub for teamwork

Project discussions, important documents, free food announcements: they all live tidily together in Team. With you team information in one easily searchable place, collaborating online is as easy as collaborating in person.

[Learn More →](#)

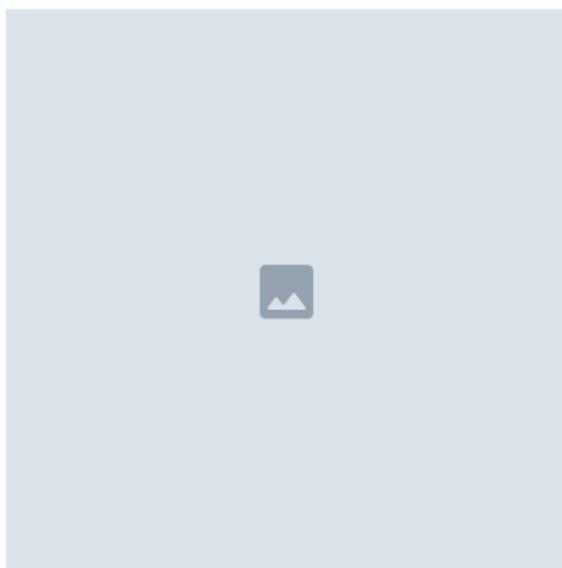

## Simple task management

Task management with Team is as simple as it gets. No complicated layout and need for users training. Your team members will intuitively know how to navigate the platform. It's so simple, a baby could do it!

[Learn More →](#)

## Scheduling that actually works

Integrated a Team calendar with your favorite calendar app, be it Google Calendar or iCal. Each team member works with their favorite calendar, while all the date is synced with the master calendar.
