MOUNT VERNON'S

First Therapy Gym

Exclusively for Kids

ABOUT

SOME OF THE FACTS TO SHARE

Welcome to Smile A While

Pediatric occupational therapy focuses on helping children develop the skills they need to grow into functional, independent adults. Physical impairment, injuries and a host of other issues can hamper a child's ability to perform common tasks or progress normally through the stages of social or cognitive development.

Our therapist helps children develop the basic sensory awareness and motor skills needed for motor development, learning and healthy behavior.

AWESOME FEATURES

TAKE A GLANCE THROUGH OUR FEATURES

- Helps in developing and improving the skills needed for daily living and working.
- Helps children develop the basic sensory awareness and motor skills needed for motor development, learning and healthy behavior.
- Helps educating family, parents, caregivers and teachers specific skills and behaviors which will be used to improve and facilitate the child's
- Helping with the gross motor skills.
- Helping with fine motor skills.
- Teaching self-help skills.
- Help kids with sensory issues
- Help kids with self-concept and confidence.
